WHERE: Philippi Meeting Room of the Campus Center at the Otterbein-Lebanon Retirement Community, 585 State Route 741, (north of State Route 63), Lebanon, Ohio

**ABOUT THE
PROGRAM:**

German Research

Robert (Bob) Rau will provide an introduction to doing genealogical research on Germanic ancestors, starting with finding the place of origin in Germany, and then finding and using the available records to trace the ancestral lines back in time. It will include a slide presentation.

**ABOUT THE
SPEAKER:**

Robert (Bob) Rau <rcrau@aol.com> has been interested in genealogy for over twenty five years, and has been researching his and his wife’s ancestral lines, all of which go back into Germany and Alsace-Lorraine. He has done extensive research in the microfilmed records available from the Latter Day Saints [LDS], and has been a non-member librarian, specializing in German research, at the LDS Family History Center in Cincinnati for eighteen years. He has made numerous trips to Germany and to Salt Lake City to further his research, and has made presentations on various aspects of German genealogy and Cincinnati and Southeastern Indiana German church history to adult education classes and local, state and national genealogical societies. He was active in the microfilming of German Lutheran and Evangelical church records from Cincinnati and Southeastern Indiana, and is a member of numerous genealogical societies.
